HAMJATH KHAN

Full-Stack Developer
h87official@gmail.com | +91 63740 66607
https://github.com/Hamjath | linkedin.com/in/h87official

Skills

Languages: C#, Python, SQL, JavaScript, TypeScript, HTML5

Technologies & Tools: Azure DevOps, Agile, ASP .NET, SSMS, WebForms, MVC, Application, Debugging, WCF, TFS, VS2022, Git, APIs, Microservices, Computer Vision

Work Experience

Equiniti, Chennai Sept 2024 - Present

Junior Software Engineer

- Worked on a large-scale legacy enterprise application, resolving 80+ production and high-priority bugs and delivering 20–30 feature enhancements through cross-functional collaboration, consistently meeting 100% of deadlines.
- Developing and enhancing backend and UI components using C#(.NET), ASP.NET MVC, Web Forms, ADO.NET, MS SQL, HTML, improving maintainability and performance of existing modules.
- Supported and onboarded new team members through knowledge transfer (KT) sessions, covering both technical architecture and business workflows, accelerating team productivity.
- Actively contributing to team culture and collaboration by participating in office initiatives and team events, fostering a positive and productive work environment.
- Tech Stack: C#, .NET Framework, ASP.NET MVC, Web Forms, AzureDevOps, MS SQL, SSMS, Stored Procedures, HTML, TFS.

Equiniti, Chennai Jan 2024 - Sept 2024

Intern Software Engineer

- Completed knowledge transfer (KT) sessions on 9+ Equiniti's enterprise products, focusing on business processes, and achieved a 92% aggregate score in product assessments, ranking Top 1 among interns.
- Designed and developed a full-stack Cab Booking Management web application (frontend, backend, database) within a 2-month deadline, collaborating with a team of interns.
- Implemented end-to-end functionality using C#, ASP.NET MVC, MS SQL, HTML, CSS, gaining hands-on experience in full-stack development.

Education

SRM Institute of Science and Technology, Chennai Aug 2025 - Jun 2027
MTech. in Artificial Intelligence & Data Science ***CGPA: 9.3/10***
Relevant Coursework: Machine Learning, Data Science, Artificial Intelligence, Image Processing

KPR Institute of Engineering and Technology, Coimbatore Aug 2020 - Jun 2024
B.E. in Electrical & Electronics Engineering ***CGPA: 7.5/10***
Relevant Coursework: Object-Oriented Programming, Databases, Data Structures and Algorithms, Operating Systems, Computer Networks, Image Processing

Project Work

- **Movie Recommender (2025):** Built an AI-powered movie recommendation system using Python, Pandas, Scikit-learn, and Collaborative Filtering, delivering personalized recommendations based on user search and interaction history.
- **Cab Booking Management System (2024):** Developed a full-stack web application using C#, ASP.NET MVC, MS SQL, HTML, CSS, and Bootstrap, implementing complete end-to-end booking and management functionality.
- **Time Tracker (2024):** Created a web-based employee time tracking system using C#, ASP.NET MVC, JavaScript, and SQL, enabling activity logging, reporting, and productivity analysis.
- **Automatic Attendance (2023):** Implemented a face-recognition-based attendance system using Python, OpenCV, and MySQL, automating attendance capture and report generation for academic and workplace environments.

Awards and Certificates

- **Dashing Debutant Award 2025:** Nominated for exceptional performance among new hires in the IT department at Equiniti.
- Machine Learning and AI Foundations: Value Estimations
- GitHub Copilot for Developers by Microsoft Press
- Agile Foundations on LinkedIn
